*(Re) exploring Cultural Diversity and Traditional Knowledge in North Eastern India*  
 Traditional Knowledge Systems of N.E. India can give the nation what Arab's get from oil sector. In fact, the Arab's becoming a world's economic power of the globe after exploring oil in the Gulf, India including the N.E. India can also play pivotal and dominant role in this regard if its biological resources & Traditional Knowledge Systems are well explored and harness used properly.  
 Owing to the enormity and profundity, the cultural diversities and T.K. Systems of N.E. India is still remaining unexplored or underexplored. Keeping the aforesaid view in mind and realizing the priority to save, explore and conserve the cultural diversities & T.K. the national seminar on "(Re) exploring Cultural Diversity and Traditional Knowledge in North Eastern India" has been organized by the Deptt. of Sociology, RKN, in association with IQAC. It is a firm belief that through the discussions, deliberation and presentations of thought provoking views in the form of Research Papers and findings of eminent scholars, academicians, researchers & all the stakeholders, a common platform and a concerted opinion will be evolved out in this Two-days Seminar.
